ABOUT ME

I am a senior student studying Computer Engineering at Özyeğin University. In addition to my academic pursuits, I have gained practical experience through an SEO internship and a previous attempt at starting my own company. I also have an extensive background in IT through an MT programme at Tat Gıda.

On top of my ongoing engineering education, I have acquired a broad skill set, including SEO, social media management, and e-commerce expertise. I aspire to be a versatile entrepreneur with knowledge across a range of fields.

I am committed to using my technical and business acumen to create innovative solutions that meet the needs of a rapidly evolving industry.
